**Atomic Learning**

Web-based software training and support.

## Online software training for staff and students

*Easy, extensive, and - for a limited time - specially priced.*

We've arranged a new group-buying opportunity designed to help you meet your software training needs for staff and students while saving you money. The final subscriber price is not only based on total number of subscription commitments of all those participating in this purchase program.

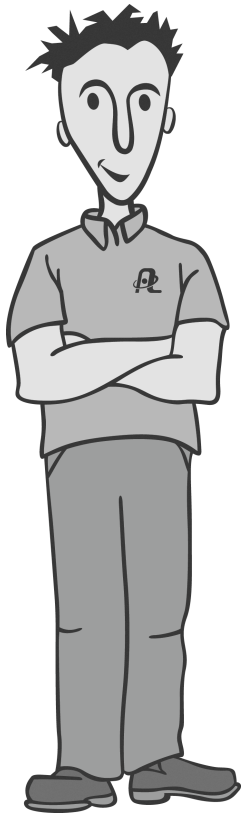

Atomic Learning provides just-in-time answers to your 'how do I do that?' software questions. With more than 18,000 easy-to-view online tutorials covering more than 90 software applications, it's like having a technology specialist in every classroom.

Use this year's, next year's or even Microsoft Settlement money to bring your staff and students a full year's subscription to the best in online, on-time training.

**[Order by July 15th, 2006](#)**

To order, you must submit a letter of intent to purchase (see reverse side) by July 15th, 2006. Payment can be made by purchase order to the Nebraska ESU Cooperative Purchasing Group through August 15, 2005
