---

*Mity-Lite® tables come in over 50 sizes and are engineered for many years of reliable service! Here are just a few standard features we include to ensure your confidence in our tables:*

**Patented Sub-surface**

Unique sub-surface provides moderate heat shielding and keeps table surface smooth and flat.

**Heavy Duty ABS Edge**

Internal ABS edge support reinforces top and bottom ABS shells, for a tough impact resistant edge.

**High Impact ABS Surface**

Tabletop is thermoformed from high-impact ABS plastic in a variety of textures and colors.

**Hardwood Strength & Stability**

Inner hardwood leg supports consist of alder for superior strength and performance.

**Permanently Bonded**

Top and bottom ABS shells are permanently bonded to sub-surface and strong inner hardwood supports.

**Strong Leg Attachments**

16 gauge steel leg brackets are bolted metal-to-metal into steel T-nut fasteners. Each anti-spin fastener is embedded into the internal hardwood frame.

**Supports Heavy Loads**

Unique combination of engineered supports and LVL wood runners help sustain an evenly distributed load of 1600 + pounds, yet a 30"x72" Mity-Lite table weighs only 41 pounds!

**Welded Trim**

Trim is chemically welded to the entire perimeter of the table, fusing top and bottom plastic shells and sealing out moisture.

**Impact-resistant Corners**

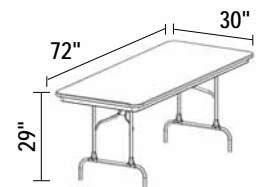

Injection molded ABS corners are designed for shock absorption—withstanding a 2-foot corner drop with no structural damage!

**Safe Non-Slip Stacking**

Replaceable rubber anti-skid pads keep tables from sliding when stacked.

*Need more info? Give us a call at 1-800-327-1692.*

Tables are standard 29" high, 30" upon request

*Mity-Lite's lightweight folding tables really last!*

Mity-Lite's pioneering table design includes a patented internal structure that helps support more than 1600 pounds.

For info on more than 50 table sizes, call 1-800-327-1692 to speak with a friendly Mity-Lite representative.

Need chairs to go with your tables?

Our lightweight folding and stacking chairs complement any Mity-Lite table. See page 6 for details.

**Benefits:**

- Light enough for one person to carry
- Much more durable than hollow plastic tables
- Strong leg attachments can't be pulled loose
- Less wear and tear with reinforced corners and edges
- Easy handling cuts set-up and take down time
- Longer lasting tables reduce ownership costs
- World renowned customer service

**Features:**

- High-impact ABS corners
- Standard 3/4" edge
- Patented composite core
- Available in over 50 sizes

*Mity-Lite tables are built tough, yet they don't weigh a ton.*

Our tables are so durable, you'll save time and money in replacement and repair. All Mity-Lite tables are backed by our rock-solid 12 year warranty and unbeatable customer service.

To customize tables for specific needs, call factory direct at 1-800-327-1692.

Are you also in the market for chairs? Mity-Lite **banquet-style chairs** are a great choice. See page 10 for details.

**Benefits:**

- Light weight tables reduce personnel injuries
- Far more resilient than hollow plastic tables
- Internal steel leg mounts offer greater strength
- Accidental drops won't damage edges
- Ease of handling reduces set-up/take down labor
- Tough construction cuts replacement and repairs
- Excellent customer service
- 12-year warranty

**Features:**

- Durable cold-rolled steel legs
- High-impact table top
- Patented inner support
- Many sizes and shapes available
